## Cisco Collaboration Flex Plan for Public Sector

Cisco® Collaboration Flex Plan for Public Sector gives you access to Cisco’s collaboration products, **allowing you to choose different buying models and deployment models in a single subscription, depending on your buying need, but you cannot purchase Meetings and FedRAMP Meetings in the same subscription.** One subscription covers entitlement and technical support for: (a) the cloud services, including Cisco Webex® Meetings, Cisco Webex Meetings FedRAMP Authorized, Cisco Hosted Collaboration Solution (HCS), Cisco UCM Cloud for Government (UCM Cloud), Cisco BroadCloud® Calling, and Cisco Webex Teams™; and (b) the software products, which include Cisco Unified Communications Manager and Cisco Meeting Server.

### Buying models

In your subscription order, you will designate a buying model for a meetings solution (“**Meetings**”) and/or calling solution (“**Calling**”), which determines your payment obligations. If you exceed the capacity count limits associated with the buying model in your order, you will be obligated to pay your partner (or Cisco, if purchasing direct from Cisco) for such excess use. Three buying models are available: Enterprise Agreement, Active User, and Named User. You can choose different buying models for Meetings and Calling, but you may not have more than one buying model for either solution at any point. During your subscription, you also have the flexibility to change your buying model from: (a) Named User to Active User or Enterprise Agreement, or (b) Active User to Enterprise Agreement. Table 1 shows the Collaboration Flex Plan for Public Sector buying models and the availability of Meetings, Meetings FedRAMP Authorized, Calling, and Calling FedRAMP Authorized within each buying model.

**Table 1.** Availability of Meetings and Calling by buying model

	Enterprise agreement	Active user	Named user
Meetings	X	X (not available with on-premises meetings)	X
Calling	X		X

### Deployment models

You will choose a software deployment model for each of your users. For each user with a Meetings entitlement, you can designate one of the following deployment models: hosted in Cisco’s Webex cloud, Cisco’s Webex FedRAMP cloud, or deployed on your own premises. For each user with a Calling entitlement, you can designate one of following deployment models: Cisco’s BroadCloud, deployed on your own premises; hosted through a partner’s Hosted Services (HCS), or hosted through Cisco FedRAMP Hosted Services (UCM Cloud). Note that when you choose an on-premises, cloud, UCM Cloud, or partner-hosted deployment, you may also receive the Cisco Webex Teams cloud service. You have the flexibility to transition from on-premises or partner-hosted to a cloud deployment and vice versa. The deployment model you choose for a user determines their software entitlement, as illustrated in Table 2. See the Features and Benefits section of this data sheet for more information regarding the deployment options for Cisco Collaboration Flex Plan for Public Sector Meetings - Enterprise Agreement.

**Table 2.** Meetings and Calling entitlements by deployment model

	Cloud	On premises	Partner-hosted
<b>Meetings</b>	Cisco Webex Meetings And Cisco Webex Teams OR Cisco Webex FedRAMP Meetings	Cisco Meeting Server And Cisco Webex Teams (cloud service)	Not applicable
<b>Calling</b>	Cisco Webex for SP Calling or Webex Calling And Cisco Webex Teams OR Cisco UCM Cloud for Government (UCM hosted by Cisco)	Cisco Unified Communications Manager (UCM) And Cisco Webex Teams (cloud service)	Hosted Collaboration Solution (UCM hosted by a partner, HCS) And Cisco Webex Teams (cloud service)

## Enterprise Agreement buying model description

The Enterprise Agreement buying model is governed by the Cisco Enterprise Agreement Program Terms (“**Program Terms**”), which are provided to you and require your acknowledgment when you place an order for Cisco Collaboration Flex Plan for Public Sector Meetings-Enterprise Agreement. In accordance with the Program Terms, you must complete an End User Information Form (“**EUIF**”), which serves as the basis for your price quote. Your EUIF must reflect the greater of: (a) your enterprise-wide Knowledge Worker count; and b) 250 Knowledge Workers. Work with your Cisco partner to obtain the Cisco Enterprise Agreement Program Terms and EUIF.

## Features and benefits

When you choose Cisco Collaboration Flex Plan for Public Sector Meetings - Enterprise Agreement, you receive entitlements to a bundle of meeting features. Table 3 describes the included features and the availability of each feature to users with a cloud versus an on-premises deployment model. Table 4 describes the add-on features that can be purchased on top of your subscription and the availability of each add-on feature based on the designated deployment model.

Included feature	Benefit	Available deployment models		
		Cloud (Webex Meetings)	Cloud (Webex FedRAMP Meetings)	On premises (Cisco Meeting Server)
<a href="#">Cisco Webex Conferencing Audio (voice over IP [VoIP])</a>	Each Knowledge Worker has unlimited access to VoIP. Cisco Webex VoIP capabilities may not be available to participants in certain countries. Refer to the “Important Information Regarding Audio Services” section of the <a href="#">Cisco Webex Audio Offering data sheet</a> for more details.	X	X	
<a href="#">Cisco Webex Conferencing Audio (toll dial-in audio)</a> Or <a href="#">Cisco Cloud Connected Audio Service Provider User</a>	Each Knowledge Worker has unlimited access to global toll call-in services. Local toll call-in numbers are provided for participants in covered countries to join a Cisco Webex meeting. Refer to Table 2 in the <a href="#">Cisco Webex Audio Offering data sheet</a> for a list of covered countries. Or, Under the Cloud Connected Audio Service Provider (CCA SP User) audio option, a service provider partner peers with Cisco and provides the transport and access (phone numbers) to a customer, while Cisco provides audio bridging. The service provider partner also provides lifecycle support; that is, day-0, day-1, and day-2 support.	X	X	
<b>Audio Broadcast</b>	Audio Broadcast is an ideal solution for environments where there are a low number of active speakers and a very large number of listeners who wish to participate in principally listen-only mode. Based on the Webex Multi-Media Platform (MMP), Audio Broadcast is seamlessly interwoven into the Webex meeting experience with hosts able to monitor the number of active Audio Broadcast attendees in real time. The Audio Broadcast client starts automatically for attendees, and hosts are able to promote individual attendees to full speaking privileges at any time during the meeting. Attendee promotion is provided by presenting PSTN dial-in information to promoted attendees. The promoted attendees then become full speaking attendees. Available on Events service only.	X	X	
<b>Cisco Webex video platform</b>	Cisco Webex video platform is a video conferencing feature available to all users in a Meetings subscription for no additional cost. It enables up to 25 dedicated video endpoint participants per session (including any number of web cameras).	X	X (version 1.0)	

Included feature	Benefit	Available deployment models		
		Cloud (Webex Meetings)	Cloud (Webex FedRAMP Meetings)	On premises (Cisco Meeting Server)
<a href="#">Cisco Meeting Server</a>	Cisco Meeting Server provides a consistent one-meeting experience for every meeting attendee, as well as open interoperability, all based on a highly scalable software architecture supporting business-quality meetings from mobile through immersive via audio, video, and web. The software has two major elements: the server software and an extension of the server in the form of an app/client that Knowledge Workers use to access and control their meetings. Cisco Meeting Server supports standards-based video endpoints, including the Cisco portfolio of telepresence endpoints as well as third-party solutions such as Skype for Business. It includes Personal Multiparty (PMP) and Shared Multiparty (SMP) licenses, a Multibrand license, and Recording port licenses.			X
<a href="#">Enhanced messaging in Cisco Webex Teams</a>	Get secure, all-in-one team collaboration from Cisco Webex. Cisco Webex Teams is an app for continuous teamwork. Move work forward in secure work spaces where everyone can contribute anytime with messaging, file sharing, white boarding, video meetings, calling, and more. ## Technical support and Customer Success services

Cisco offers support services covering the areas of problem resolution, customer success and adoption, and designated support management in three service tiers: Basic, Enhanced, and Premium. Basic support is included at no additional cost for the duration of your subscription. Enhanced and Premium services are not available on FedRAMP-Authorized subscriptions. For users in a FedRAMP deployment, we can be contacted by phone at U.S. toll-free 1-877 669 1782, international toll +1 408-906-1181, or online at: <https://support.webex.com/>. For users in an UCM Cloud deployment, we can be contacted by phone at U.S. toll-free 1-877-669-1782, international toll +1 916-636-9015, or online at: [Cisco UCM Cloud for Government Technical Support Services](#). For more information about the available technical support services, contact your partner or Cisco sales agent.

## On-premises licensing and Software delivery

On-premises licenses are delivered to you via your [Smart Account](#). Your partner is responsible for entering your Smart Account information at the time the customer's order is placed. Instructions for creating a Smart Account can be found [here](#).

The on-premises software and license Product Authorization Keys (PAKs) are available through the links provided in the eDelivery email message that will be sent to the email address(es) provided on the order. Instructions will be included on how to register the PAKs and install the license.bin file. With the exception of Cisco Meeting Server, your users designated for on-premises deployment will be able to access the software using the licenses and PAKs. In order to access Cisco Meeting Server, you will be required to complete the following additional steps. First, download the initial bootable software image from the [Cisco Software Download Center](#). Next, if you do not already have Cisco Meeting Server installed, order SKU R-CMS-K9 (\$0 US GPL) and you will receive the required activation key. If additional licenses are needed, you or your partner can request more from Cisco's licensing team.

## Ordering information

To place an order, contact your local Cisco certified partner (“partner”) or Cisco sales agent. If you need help finding a partner in your area, use the [Partner Locator tool](#). Your partner or Cisco sales agent can also assist with any modifications to your subscription after your initial order is placed.

## Entry-level Webex service

If you elect not to renew your subscription, your Webex account will be converted to an entry-level cloud service (not applicable to Webex FedRAMP Meetings). The free cloud service has fewer features and differing usage limits than the paid cloud service. Cisco may at any time change those features and limits at our discretion and without notice. Cisco may also deactivate or delete your free account and any related data if you exceed the 5-GB storage limit per user.
